Truckee Youth Is Rescued After 2 Nights In Wilds

After being lost for two days and nights in the rugged wilderness area of the Rubicon, west of Lake Tahoe, John Besio, 16, son of Mr. and Mrs. Angelo Besio of Truckee, was rescued Saturday morning at 10 o'clock in good health and unruffled by the harrowing experience.

The local high school baseball star and all around athlete, was spotted on a large boulder by a U. S. Forest Service helicopter crew climaxing the two-day frantic search. The helicopter was piloted by Harold Davidson, accompanied by Lynn Orr, helitack foreman, both from the Truckee heliport, and Mickey Daniels, Placer County deputy sheriff.

Aside from being hungry and tired, the youth apparently suffered no ill effects from the ordeal. He had acted wisely, according the forest service spokesman, by not wandering after he found himself lost. He had a small amount of food and warm clothing.

John became lost about 2 p.m. last Thursday when he left his father and his uncle, Anthony Besio of Modesto while the three were on a fishing trip in the craggy area between Long Lake and Fern Lake. John decided to take

Johnson Message Read At Program

Although he was unable to attend the dedication ceremonies of the Truckee-Tahoe Airport Sunday, Congressman Harold T. (Bizz) Johnson sent the following message from Washington, which was read at the program:

It is with sincere regret that I find myself unable to visit with you and the people of northern California as you dedicate the Truckee-Tahoe Airport.

I have had the pleasure of working with the local government over the years. in an effort to bring to full realization this cooperative venture which I believe is an outstanding example of how federal and local governments can work together to achieve their mutual goals.

The Federal Aviation Agency has been most active in the development of this facility.

Since the first allocation of federal funds was made for this project in 1961, a total of more than $300,000 in federal assistance has been extended to the local airport for development. This includes the nearly $80,000 which was offered as a grant to the local airport, last April 16th, for final work on the taxi-ways and the holding aprons. Although the FAA advises me this has not yet been accepted by the local district, I do hope the final details will be worked out in the near future so that this one further project can proceed.

As you officially dedicate the Truckee-Tahoe Airport, let us look back over the past years, and recall the federal assistance involved here. The first project was authrorized December 3, 1961, and an allocation of $108,000 was made for land and the expansion of the runways, taxi-ways and aprons. I believe it was six months later when we came back to the second project, involving nearly $80,000 in federal funds for the extension and widening of the runway, and finally, a year after that, in July, 1963, the lighting for the runways, the hazard beacons, and the lighted windcone were installed with federal funds amounting to about $32,000.

I feel that this airport, which will serve the large area on the north shore of the world-famous Lake Tahoe, will stand as an example of what can be accomplished when people of a community, assisted by their local government, and by the national government, work together.

I suspect that, a few years, ago, many of you here today would never have dreamed this could be accomplished, and possibly it couldn't have without the farsightedness of the late Cecil Edmunds, and the other members of the Truckee-Tahoe Airport District, who are to be commended here today for their progressive foresight.

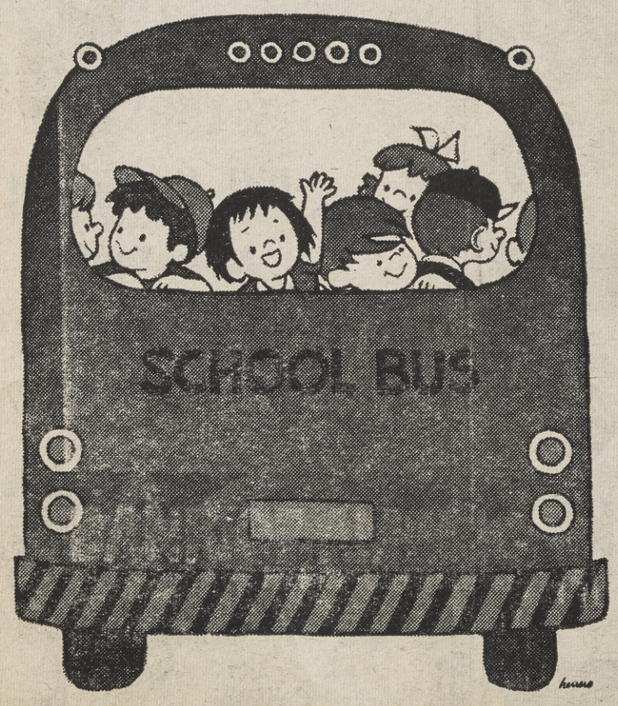
A $760,000 Vote of Confidence for the Tahoe-Truckee School District



As a resident within the Tahoe-Truckee Unified School District you voted to let the district issue school bonds. This was your vote of confidence in the area the district serves. Bank of America and its associated investment dealers demonstrated the same confidence in buying the bonds—giving the district the money it needs for improved educational facilities.

Interest rates on the bonds were decided by *competitive bidding*—a procedure required by law to obtain the lowest average interest rate for the taxpayer under current bond market conditions. Interest rates also reflect the credit rating of your district.

We, at Bank of America, bid on nearly all municipal bonds issued in the State. We're particularly proud to play a key role in the development of the Tahoe-Truckee Unified School District.

One thing that gives us confidence is that you and your neighbors wisely recognize the demonstrated truth: good schools benefit all citizens—those with and without children alike. The quality of a community parallels the quality of its schools. This is reflected in property values through the years.

You may be interested in buying Tahoe-Truckee Unified School District Bonds as a personal investment. They offer the advantage of ***tax exempt income*** and are available in denominations of $1,000. You can purchase these bonds through your local Bank of America branch—or contact our Municipal Bond Department in San Francisco or Los Angeles.

DONNER DOINGS

By VI WHITE
Phone 587-3866

The first day of summer, June 21st, certainly lived up to its name. What a beautiful day! Both for Father's Day and for the dedication of the Truckee-Tahoe Airport.

A delightful change in the weather greeted over 300 private planes to the site, and many pilots and passengers remarked as they flew over Donner Lake how pretty it looked nestled among the wooded mountains.

The water skiers especially are enjoying the mirror-like surface these days. The warm sun should make the water ideal for swimming by the 4th of July.

* * *

The Doner Lake Volunteer Fire Department Ladies Auxiliary has announced that there are three contestants so far for the title of "Miss Donner Lake of 1964." Sponsored by the Truckee Lions Club is Jackie Marquette, by the Truckee-Donner Chamber of Commerce is Susan Knapp and by the Donner Lake Resorts and Businessmen's Association is Janice Randol. All three girls live at Donner Lake and attend the Tahoe-Truckee High School. They were serving donuts and coffee at the information booth set up at the airport both Saturday and Sunday.

The Queen will be chosen at the Firemen's Picnic July 12 at Donner Beach.

* * *

Members of the Donner Lake Water Ski Club were out at the airport from 9 a.m. to 5 p.m. Saturday and during the morning hours Sunday helping to park the many planes that arrived steadily.

At Nevada Lodge

Jacqueline Douguet, one of the stars of the Vive Les Girls, the 1964 version of the famed Paris artists, now occupying the Topaz Room at Nevada Lodge, Crystal Bay.

DEEDY AND BILL ARE BACK AT TAHOE CLUB

CRYSTAL BAY—"Deedy and Bill are back!" is the cry going 'round the high timber of North Tahoe this week. For. indeed, Deedy and Bill are back—the fine variety act that drew raves from Walter Winchell opens in the Topaz room theater-lounge of the Nevada Lodge tonight.

Considered masters of comic timing, the amazing husband and wife team do many things well—from slapstick to mimicry, singing and dancing. Seeming to get as much pleasure out of their act as they generate, the two get into numerous spontaneous situations that ably abet their professional material.

The completely uninhibited Deedy takes charge of things when she makes her entrance by literally crawling up over the stage at the start of each set . . . and then proceeds to get wilder. The act is backed by Bill's terrific piano artistry.

Also Les Girls

A concensus of press critics who have witnessed the exciting Vive Les Girls revue at the Nevada Lodge, shows that for once the critics agree with the public.

Ever since the curtain rose a month ago on the new 1964 edition of Frederic Apcar's startling Vive Les Girls revue, the audiences have been vying with the critics for superlatives to convey the magnitude of the show which was conceived and produced in Paris—the Mecca of great stage revues.

The Nevada Lodge outdid itself and set some sort of lavish record for entertainment acts by booking the new '64 edition. Staging, choreography, music and the girls . . . the girls . . . the girls are almost beyond belief in artistry and beauty.

PERMIT GRANTED FOR WATER FROM TAHOE

SACRAMENTO—(CNS)—The state water rights board announced it has issued a permit to the Tahoe City Public Utility District for 1.16 cubic foot of water per second from Lake Tahoe, to be used for municipal purposes.

Cost of development of the diversion was estimated at $250,000.

MR. FRICK, star comedian of Shipstads and Johnson Ice Follies, goes on and on like Niagara Falls. Now in his 26th starring year with the Show of Champions, Frick has shattered all records for most performances and consecutive shows. No other comic can approach his marks, especially that of most performances, over 9,000 since 1939. The Ice Follies, all new and with eighteen internationally known laugh provokers, opens June 24 at San Francisco's Winterland.

DONNER DOINGS

Covered with dust from the field, their white jackets soon turned to tan.

Two of their members, Jackie Marquette and Chuck White are pictured in the new brochure, water skiing double behind a boat on Donner.

Sky Miles' fun boat "Little Toot" was out cruising around the calm waters off his Cottage Pines Resort the other day. One of the few gas pumps located on the lake can be found there for the convenience to boaters. It came in handy when we ran out of gas in our car once.

We certainly enjoyed the Belles and Beaux show at Tahoe Tavern, especially noted the fine trumpet playing of Dr. "Hot Lips" Bud Affeldt, a member of the pit orchestra.

Donner Lake property owner, Dave Sawle and Liz Garry will be married June 27th in Washington-D. C. They met at Squaw Valley while both were skiing in the area. A surprise party was held for them in Oakland last Friday night. Dave is a member of the Oakland Ski Club.

Terry Marquette had a heart-pounding experience one day while working at the Wilshire station in front of Donner Lake Lodge. A man drove up and excitedly announced that his wife was going to have a baby and needed help. The woman was cared for at the lodge, but was moved to the Tahoe Forest Hospital for the delivery of the baby. The anxious husband was mighty happy that the hospital was near by and so was Terry!

More than 200 youngsters have been taking the Red Cross swimming lessons over at Squaw Valley and are being rewarded with nice warm weather this their final week. They have been braving unseasonably cold weather since the first lessons a couple of weeks ago.

The swimming classes at China Cove at Donner State Park will begin July 6th. A supervised program in tennis, badminton and other games has been going on since June 1st sponsored by the Truckee-Donner Park & Recreation District. The sessions will continue until August 15. Further information can be received by calling director Loyd Hoofard, 587-3346. Don't forget to tell your visiting friends about the Donner museum in the park.

* * *

The Tinker Belles Garden Club field trip to Ice Lakes will be next Teusday instead of this week. It is hoped that this warm weather will bring out more of the wildflowers they wish to see.

* * *

There will be a meeting of the Donner Lake Property Owners' Association July 4th at 1:30 p.m. at their beach on the west end of the lake.

MOTORISTS ASKED TO KEEP FOURTH SAFE

Lt. O. P. Ledford, Officer-in-charge of the California Highway Patrol's Truckee substation, said today he hopes "that motorists can hold the July Fourth traffic death toll even lower than the Memorial Day figure."

Memorial Day deaths numbered 35 during a 78-hour holiday. July Fourth also is a 78-hour holiday, beginning at 6 p.m. Thursday, July 2 and extending until midnight, Sunday, July 5.

"The Memorial Day estimate was 44 to 54 deaths, thus the actual toll of 35 was somewhat below the expected figure. Of course, this can be improved on substantially. I think it is a challenge to drivers to do so over the Independence Day holiday."

The commander said that Patrol officers would concentrate on enforcement against hazardous violations, "those responsible for the most accidents."

"No. 1, of course, is speed, and by that I mean speed too fast for conditions or above posted limits. Also high on the danger list are driving on the wrong side of the road, the drinking driver, failure to observe stop signs or signals, and right of way violations.

"The primary responsibility rests with the individual driver, however. Without his willingness to comply with law, accident frequency will not be reduced."

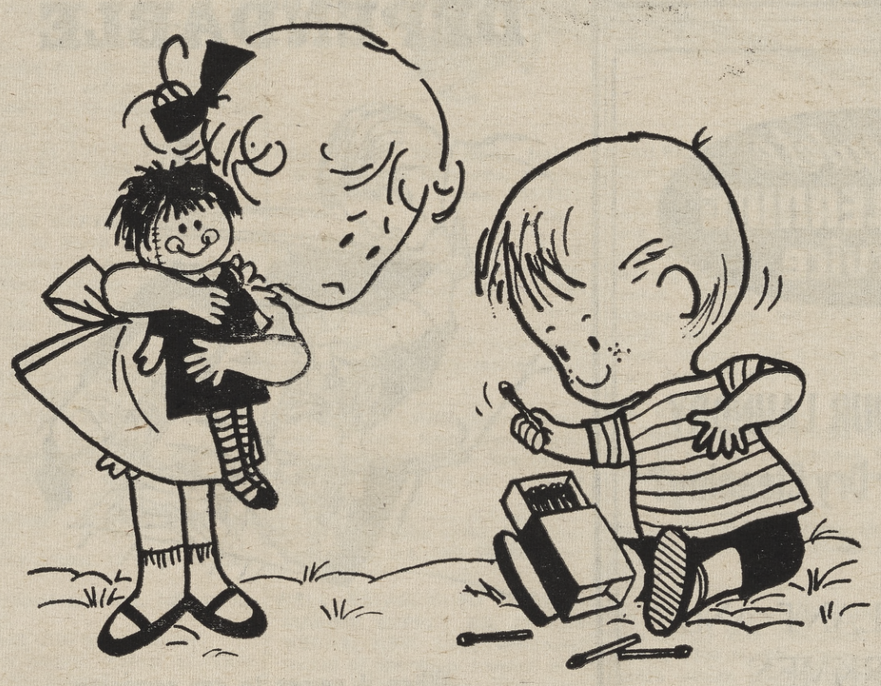
NOT FOR KIDS!



Matches are not for kids. Your child—a match or two—some leaves or litter—a sudden gust of wind—and suddenly a full scale forest fire is born!

Be careful with every fire. Follow Smokey's ABC's.

Always hold matches till cold—then break them in two!

Be sure you drown all fires out and then—stir the ashes and drown again!

Crush all smokes dead out in an ash tray!

Please! Only you can prevent forest fires

WEDNESDAY, JULY 1
A NEW TELEPHONE BOOK WITH NEW NUMBERS FOR MANY OF YOUR FRIENDS WILL BE EFFECTIVE.

When your new phone book arrives, take a look inside. Many numbers will be different July 1, because we've added a new prefix—541.

The Reason? To keep pace with the growth in the South Lake Tahoe Area.

Of course, the familiar prefix 544 will still be around. But many of the phone numbers in the area will begin with the new prefix—541.

To make dialing easy for you, all these number changes will go into effect July 1. And they'll all be listed in your new directory.

So starting Wednesday, July 1, be sure to double check a number before you dial. It could save you time and trouble.

If you'd like a free personal directory "Blue Book" to jot down often-used numbers, just call our business office. We'll be glad to send you one.

Officers Map Plan To Combat Tahoe Juvenile Trouble

CRYSTAL BAY—Law enforcement officers from the five counties bordering on Lake Tahoe met last week at Crystal Bay to map plans to combat juvenile lawlessness in thhe region.

Included was an agreement by the more than 20 officers and district attorneys to pool information on juvenile and adult disturbances and the installation of a card index file system to keep a permanent record of offenders. This file will be kept by all five counties.

It was also agreed to maintain auxiliary units to patrol in force, particularly on weekends in the places most frequented by the trouble-makers.

A crackdown will be made on sale of liquor to minors. Cooperation by the courts will be sought and violators will be prosecuted to the fullest extent to bring an end to the growing problem in some areas of the lake.

El Dorado and Placer counties in California and Washoe, Ormsby and Douglas in Nevada were represented. District Attorney Dan Higgins, Jim Nelson, juvenile probation officer and Max Bennett, deputy sheriff, represented Placer County at the meeting.

Identical juvenile curfew ordinances by all five counties will be sought from the boards of supervisors.

TRAILER PARKING IS DISCUSSED AT MEET

An overall lack of regulation is leading to indiscriminate trailer parking practices in Nevada County.

This was a topic of serious discussion at last week's meeting of the Nevada County Planning Commission held in Truckee.

Roy Peterson. Robert McWhinney and Marvin Wadley were appointed by chairman Earle Dewing to serve as a committee to study the problem, compile recommendations and submit it to the commission for a possible trailer ordinance.

The next meeting of the commission will be at Nevada City next Monday.

Funeral Held

Funeral services were held today for Catherine Bleuel who died at the age of 84 at her home in Sacramento. The deceased was a native of Truckee, having lived in the capitol city for 80 years,

She is survived by her husband, John Bleuel and a sister.

AWARD CONTRACT

SACRAMENTO, (CNS) — The state department of public works awarded a contract for $22,000 to Xen V. Reynolds, Oakland, for constructing two steel bunkers for salt storage at the Truckee Echo Summit maintenance station.

GREETERS AND OFFICIALS

Much of the pleasure for those attending the Truckee-Tahoe Airport dedication during the weekend was provided by the greeters who met each plane as it landed and welcomed the pilots and passengers. Pictured above are some of the greters and some of the officials attending. They are, left to right: Alma Brines, Kathy Duncan of Fullerton, Yvonne Ellis, Betty Kielhofer, Senator Paul Lunardi, Lauren Russell, Alan Grant, president of the California Farm Bureau. Forrest Fiorini, chairman of the state aeronautics commission and Georgiana King.

AIRPORT PROGRAM

swift pass.

The huge crowd Sunday enjoyed the brief but impressive dedication ceremony at which Clyde Barnett, director of the California Aeronautics Administration, was master of ceremonies. Among the speakers was William Schulte, assistant administrator of the FAA, who praised the efforts of the directors and others in providing such a good airport and State Senator Paul J. Lunardi, who was also speaker Saturday night at a gathering of the Flying Farmers at Squaw Valley. Director Zeph Rose read a message of congratulations from Congressman Harold T. Johnson who was unable to attend. Director Lauren Russell introduced the guests of honor.

A tower was maintained throughout the two days and planes landed and took off as orderly as they could on a major airport. There was ample parking for autos as well as the planes and not a single incident of confusion was noted.

Refreshment stands were operated for the convenience of the visitors and all in all, it was a day to be long remembered with pleasure.

Both the Truckee-Donner and North Tahoe Chambers of Commerce were active in promoting the affair and other organizations assisted in the program. Lodges throughout the area were well patronized by the visiting flyers, all of whom pronounced the Truckee-Tahoe Airport one of the best they have visited and many promised to return.

a shortcut to their Jeep and apparently wandered in the wrong direction, paralleling the Rubicon river for several miles.

When the boy failed to show up at the appointed meeting place by dark, Anthony Besio drove out to seek help, leaving his brother at the camp, hoping John would show up.

Anthony returned to the area at 3 a.m. Friday after notifying the Placer County sheriff's department which organized the search. Friday, searchers scoured the area where the missing youth was last seen without avail and Saturday morning the air and ground search continued.

Young Besio said he saw two planes, those evidently piloted by Supervisor William Briner of Tahoe City and Lauren Russell of Truckee, pass over Friday but he could not attract their attention by waving his jacket and yelling.

Saturday morning, nearly 100 men, including the Sierra Rescue Unit, headed by Tom Dolley, the Truckee-Donner Horsemen, Placer and Nevada county sheriff's departments, the forest service and others, fanned out over the area in Jeeps, on horse and in planes and helicopters in a frantic effort to find the missing youth.

The area where John was lost was the same in which a bay area youth was lost five days last summer while on a similar expedition.

John's birth date arrived on Friday the 19 while he was being hunted and his father said that no later celebration of the event was contemplated as he thought the lost youth had enough excitement for the time being.

SCHUBERTS REOPEN RESTURANT AT LAKE

KINGS BEACH—Bud and Betty Schubert have announced they plan a grand opening of Schubert's in Kings Beach about July 1, featuring a completely refurnished dining room, coffee shop and salad bar. Mr. Tito, formerly with the Old Virginia Inn in Southern California is the chef and pastry specialist, featuring fine pastries and gourmet dishes.

The Schuberts are well known at NorthTahoe where they operated the Here 'tis Drive In in 1946. They later had a coffee shop known as Bud and Don Schubert, Ilene & Betty.

In 1958 they sold and went to Africa as missionaries and there Schuberet built a hospital in the bush area for the United World Mission of St. Petersburg, Florida and Mrs, Schubert worked in a mud hut dispensary during the day and preached the gospel.

They returned in 1962, found they still possessed the restaurant, so decided to remodel and start business. Families are especially invited to the restaurant where children as well as adults are welcome.

Since his return, Schubert has often been featured speaker at clubs and schools, showing slides and talking on his African experiences.

TRAFFIC SHOWS BIG GAIN DURING MONTH

The tourist parade into California gained momentum in May, the department of agriculture reports.

Nearly two million people crossed the border going into the state, more than half of them visitors from other states.

Truckee chalked up 104,466 cars and 254,028 passengers to take a big lead over all the other 18 stations, with the exception of Yermo which reported 112,575 cars and 305,084 passengers.

During May, 1963, Truckee reported 86,111 cars and 238,534 passengers, this year being more than 18,000 cars over that mark.

The Telephone Exchange Building, built in 1909, was the first structure in Oriental style built in San Francisco's Chinatown.
